Keeping Your Dog Busy: A trainer's guide to keeping your buddy occupied

DIY Ideas:

- **★**A (mostly) empty peanut butter jar to lick clean.
- **★**Capped PVC pipe sections with a slightly larger than kibble sized hole drilled.
- ★Empty plastic food containers, with holes cut large enough for kibble to spill out.
- ★While your dog isn't looking, hide bits of his dinner around the house for a game of hide and go seek.
- ★ Be creative!

What do you mean!? don't have thumbs!?

Trainer's Secret:

In a ziplock sandwich bag, combine one can of soft dog food with one can of pumpkin. Squish to combine. Cut off the tip of the bag with scissors and pipe into hollow toys. Freeze for 3 hours. Keep extra stuffing mix in the fridge with a binder clip to secure the open corner.
